Hi everybody,

I have 1 table with 5 fields : MaID, NhomID, LoaiID, HangID, Amount.

MaID NhomID LoaiID HangID Amount

001 EU High H1 500

001 EU High H2 450

001 EU Med H1 700

001 EU Med H2 350

002 EU High H1 400

002 EU High H2 950

002 EU Med H1 200

002 EU Med H2 100

003 BA High H1 500

003 BA High H2 400

003 BA Med H1 500

003 BA Med H2 100

.....

.....

Note: Field LoaiID has only 2 values : High and Med

Field HangID has only 2 values : H1 and H2.

I want to creat a report as follows :

NhomID : EU

MaiD High Med

H1 H2 Sum of High H1 H2 Sum of Med

001 500 450 950 700 350 1050

002 400 950 1350 200 100 300

Anybody help me to creat above report (without code if possible).

Thanks in advance.
