As Jtyc once said in microsoft.public.cert.exam.mcse

I say we give Israel back to the Arabs and give the Jews
Mexico. Problem solved.

That wouldn't stop the fighting in the Middle-East. The problem is
the culture, the Jews are an excuse.

OK, but then would we care?

Oh yeah, oil. Add to my solution – drill off coast of Florida
and in Alaska.

Mexico has lots of oil – bet the Jews would sell it to us.

kp "problem solved again" g
