

Can the ItemHeader repeat for each "section break" in a Repeater?

I have data like this:

Album Song

Led Zeppelin I Good Times Bad Times

Led Zeppelin I Babe I'm Gonna Leave You

Led Zeppelin I You Shook Me

Led Zeppelin I Dazed and Confused

Led Zeppelin II Whole Lotta Love

Led Zeppelin II The Lemon Song

Led Zeppelin II Heartbreaker

Is it possible for a repeater to show the Header each time the album changes? In other words something like

Led Zeppelin I (Header)

 Good Times Bad Times (Item)

 Babe I'm Gonna Leave You (Item)

 You Shook Me (Item)

 Dazed and Confused (Item)

Led Zeppelin II (Header)

 Whole Lotta Love (Item)

 The Lemon Song (Item)

 Heartbreaker (Item)

Any help is appreciated! PS, if the repeater won't do it, is there a control that will?
