The complete error message:

Security Exception

Description: The application attempted to perform an operation not allowed by the security policy. To grant this application the required permission please contact your system administrator or change the application's trust level in the configuration file.

Exception Details: System.Security.SecurityException: That assembly does not allow partially trusted callers.

Source Error:

```
Line 54: fichero))
Line 55: HttpContext.Current.Response.ContentType =
"application/pdf"
Line 56:
myPdfDocument.SaveToStream(HttpContext.Current.Response.OutputStream)
Line 57: HttpContext.Current.Response.End()
Line 58:
```
