Hi Stephen,

I'm viewing the post and found that this is a duplicated one with another in the microsoft.public.dotnet.framework.aspnet, newsgroup.

I've posted a reply in that one. I'd appreciate if you'd have a look. Also, I'm wondering some further info on this issue. And if you feel it convenient that we continue to discuss this issue in that thread, please feel free to followup there. thanks.

Regards,
