Yes sir master rowe_newsgroups -- yes sir, and I'll get it done for you straight way, count on it master rowe_newsgroups -- yes sir. :)

:~)

About time someone spoke to me properly!

Now, is it possible for you to stop harassing me?

You just had to add that didn't you? For the record, I tried to handle this in a profession way, just wanting an apology for your allegations – so I don't see how I was "harassing" you.

Thanks,

Seth Rowe
