Is it a xls workbook ?

You can add this option to the QAT in 2007 and close it

See how here <http://www.rondebruin.nl/0307commands.htm>

The name = "Send to Mail Receptient"

No, sorry, my E2007 screen has no email button – unless I add one next to the undo/redo buttons at the very top.

So, again, how to get rid if the "Send this Sheet" mail header.

Thanks
