Hello seedogg,

> *Should it be news.microsoft or msnews.microsoft?*

Doesn't matter as both aliases point to the same server:

Non-authoritative answer:

Name: msnews.microsoft.com

Address: 207.46.248.16

Non-authoritative answer:

Name: msnews.microsoft.com

Address: 207.46.248.16

Aliases: news.microsoft.com
