Hello,

see

[http://msdn.microsoft.com/library/en-us/e2k3/e2k3/exch2k\\_getting\\_well-known\\_mailbox\\_folder\\_urls.asp](http://msdn.microsoft.com/library/en-us/e2k3/e2k3/exch2k_getting_well-known_mailbox_folder_urls.asp).

Additionally, the Junk mail folder can be retrieved via the property urn:schemas:httpmail:junkmail.

Best regards,  
Henning Krause

Hello friends!

I am working on vc++.

I want to retrieve programatically the folder names of a mailbox of exchange server.

Is there any way to retrieve these folders?

I want to retrieve those bocz the Exchange server may be installed on a computer having a language other than english.

Plz Help..
