This is great; I hope everyone appreciates it as much as I do.

Great prices and support await you as you travel into the beautiful world of premium nntp access. One thing I love about them, they don't keep log files of the news I read or files I download. They give you access to some of the best groups others may not carry. Take a look at all the great features below and imagine! You'll LOVE it. They offer some of the best premium newsgroup access anywhere.

I hope to see everyone at newsdude.net – they're great!
