I'm so frustrated..... I've uploaded the mp3 file – I've got it down to 9meg...it works when I click on it on my computer – I've downloaded and installed the addin WMP9 and followed the directions...but still no sound...could someone check it out and please help me out – I've been working on this friggen thing for a week – please help

thanks
Pam

<http://www.passion-for-truth.com/articles> then go down and click on The Plan of the Enemy – it goes to a seperate page but nothing ever happens..... its def a plan of the enemy!
