Suggest you turn off activeX and try your site

And the scripts / positioning off screen like?

```
<script type="text/javascript">
```

```
<BODY onLoad="javascript:popUp'http://www.casinopals.net/10off.html'">
```

and

```
<div style="position: absolute; width: 100px; height: 20px; z-index: 1; left: -496px; top: 225px" id="layer11">
```

| These are embedded html codes, not pop-ups. Nor are they hidden. Please

| read my entire post about some working, some not.

| Thanks,

| R-
