Anbei mal ein paar Links zu Walkthroughs:

Recovering Exchange Server using an Arcserve online backup to a recovery server.

<http://hellomate.typepad.com/exchange/Arcserverrestore.pdf>

Recovering an Exchange 5.5 server using Backup Exec

<http://www.littlebluespitfire.com/work/exchange-dr.pdf>

http://hellomate.typepad.com/exchange/backup_exec_restore.pdf

Recovering an Exchange 2003 Server with the Recovery Storage Group feature and recover mail messages with Backup Exec v9.0

<http://www.littlebluespitfire.com/work/e2k3-recovery.pdf>
