When I click on "CANCEL" button or second time when I try entering the username and password it displays the following error.

You are not authorized to view this page
You do not have permission to view this directory or page using the credentials you supplied.

Please try the following:

Click the Refresh button to try again with different credentials.

If you believe you should be able to view this directory or page, please contact the Web site administrator by using the e-mail address or phone number listed on the 192.168.3.28 home page.

HTTP 401.1 – Unauthorized: Logon Failed
Internet Information Services
