Hello,

Furthermere to what you have been adviced so far, I wonder whether on that MAC you have the same version (updates) installed as on other MACs?

(Gosh those grammar is always confusing to me the others/other/another, so hopefully it's correct ;-) any Easily remebered explanation are heartly welcomed)

It's not very often that I can't understand your posts, LC. Since you ask: the first part would be "Further to what you have been advised so far, ...". ;-)

Just keep going as you are -- your posts are extremely helpful!

Cheers,

Clive

Hi Clive,

thank you very much. Any hint how to use Other/the other/another? I'm aware I cannot use another whith plural so then *the others* or *other Mac* are 2 possible cases, aren't they?
