Hi,

I have followed your suggestion, but still cannot solve the problems, I am using Windows 98 2nd edition:

Goto Start>>Run>>Type "regsvr32.exe msdxm.ocx" -Enter.

it pops up an error message:
LoadLibrary("msdxm.ocx")failed
GetLastError returns 0x00000485

Pls advise how to solve it?

Thanks,
Maggie
