Hi Newbie,

If the Office Web Components (v11/2003) aren't an optional installation item in MS Office Project 2003 you can download them from

<http://microsoft.com/downloads/details.aspx?FamilyID=7287252c-402e-4f72-97a5-e0fd290d4b76>

Hello,

I have to install Ms Project Server on a network where the client PCs don't have Microsoft Office installed. But they have MS Project Professional 2003. OWC (Office Web Components) are needed for Project Web Access to build the Views based on the OLAP Cube (Analysis services).

I was told that a Project licence give the right for an OWC licence. But where can i download these OWC and how to install them ?

Thanks for your help, >>

Let us know if this helped you,

Bob Buckland ?:-)
