Post all replies to the group to keep the discussion intact. Due to the (insert latest virus name here) virus, all mail sent to my personal account will be deleted without reading.

After searching google.groups.com and finding no answer, Waterman asked:

| On the system is a 'C:\Documents and Settings' directory also i see  
| the users of the system but non of the users does have a 'Application  
| Data' directory. Even the administrator doesn't have one.
