Hi Fred,

Refer to [http://www.palm.com/cgi-bin/cso\\_kbURL.cgi?ID=41224](http://www.palm.com/cgi-bin/cso_kbURL.cgi?ID=41224) for migrating the data. Additionally, it is recommended you use ActiveSync 4.1 since it contains numerous fixes as compared to ActiveSync 4.0.

Download site –

Hi,  
I have a Palm V contacts phone numbers and calendar on my PC that I like to transfer the contacts and calendar to my cell/PDA with MS 5.0 mobile and Active Sync 4.0. Any Idea how its done?

Many Thanks, Fred
