Hi all,

I found that there are many place to set the DefaultIcon in registry in PC, but no matter where I've set, the icon of my provider is still a white square. I don't want to show such dummy things to my client, any one have some idea please?

I've try:

```
[HKEY_LOCAL_MACHINE\Software\Microsoft\Windows  
CE\Services\Services\Synchronization\Objects\StockPor]
```

```
[HKEY_LOCAL_MACHINE\Software\Microsoft\Windows CE  
Services\Services\Synchronization\All\MS.WinCE.StockPor\StockPor]
```

```
[HKEY_LOCAL_MACHINE\SOFTWARE\Microsoft\Windows CE  
Services\SpecialDefaults\PocketPC\Services\Synchronization\Objects\StockPor]
```

Cheers,

Geoffrey.W
