I'm afraid that we cannot use your solution because we did not migrate to SMS 2003 yet.

"Louis Beaudoin" <louis.beaudoin@saaq.gouv.qc.ca.**remove**> a écrit dans le message de news: eHhevjW\$EHA.3368@TK2MSFTNGP15.phx.gbl...

> *The conflicting software is NetSupport (used as a screencam – screen recording – tool). The OS is nt4 workstation (we still have about 3000 workstations with this OS, and we need to use NetSupport on 250 of these workstations – There is no conflict under XP, we will migrate the OS later this year)*
