Bob,

That's strange. I'd keep trying. I don't have my address book with me right now but I'll get in touch with my contact when I get home.

microsoft.public.sqlserver.programming: Re: Return Key (identity) on INSERT operation (SQL/ASP)

Hmm. AFAIK, they should be. Did Customer Service get back to you? I'd ping 'em again and get this fixed.

I did that. The Logout link is visible. The article title is plain text, not a hyperlink

I'm under a trial subscription. Do you know if achived articles are available to trial subscriptions?

You have to login first, then go to the link. You can also try:

1. Login
2. Got to World's Best Authors
3. Click on Craig Utley
4. Click on the article

HTH

The article is not a link when I go to this page. I will wait to hear from customer support

Bob,

I think I see your problem, though I don't know what caused it. Try getting at it this way:

<http://www.pinpub.com/html/main.isx?sub=38&auth=212>

This gets you to Craig's author page. Then click on the article and it brings it up.

I don't get it. I'm registered, but when I follow your link (or do a
site search and follow that link) all I get is a blank frame - their outer
frame shows up all right, it's the article itself that is missing ... I've
sent them an email.

Bob,

Thanx for this. I just tried the SQL Pro website and it's up.
