I would like to know more information about the following counters:
is there a good website that teach you how to do performance baselining,
benchmarking, and monitoring?

Memory – Pages/Sec

Network Interface – Bytes total/sec

Physical Disk – Disk Transfers/Sec

Processor – %Processor Time

SQLServer: Access Methods – Full Scans/Sec

SQLServer:Buffer Manager – Buffer Cache Hit Ratio

SQLServer: Database application Database –Transaction/Sec

SQLServer: General Statistics – User Connections

SQLServer: Latches – Average Latch Wait Time

SQLServer: LOCKs – Average Wait Time

SQLServer: Locks – Lock Timeouts/sec

SQLServer: Locks – Number of Deadlocks/sec
