Eric

This script was written by Aaron Bertrand

This will only cover those who have been explicitly given access to the procs using GRANT.

```
DECLARE @username VARCHAR(32)
SELECT @username = '???'
SELECT o.name, CanExec = CASE WHEN p.id = o.id THEN 'Yes' ELSE 'No' END
FROM sysobjects o LEFT OUTER JOIN syspermissions p
ON o.id = p.id
AND p.grantee = USER_ID(@username)
```
