>From BOL:

The owner of the master, model, or tempdb system databases cannot be changed.

– Rob

>-----Original Message-----

>We are trying to exec *sp_changedbowner* 'sa' on model database to change

>ownership from the service account 'service_sql' to 'sa' account

>However, we got the follow error:

>15109 16 Cannot change the owner of the master database.

>Is there any know how to Change ownership of model and msdb to 'sa' if in

>case 'sa' is not owner of msdb and model?

>

>Thanks!!
