- 

We are installing the final release of SQL 2005 On our main SQL server.

- 1) We have uninstalled the SQL 2000 version.
- 2) We have reboot the server
- 3) We have lunched the SQL2005 installation.

this is the error during the installation of SQL reporting service :

Error Code: 29556

MSI (s) (84!DC) [13:10:19:359]: Product: Microsoft SQL Server 2005 Reporting Services — Error 29528. The setup has encountered an unexpected error while Setting reporting service and share point exclusion path. The error is: Errore irreversibile durante l'installazione.

Error 29528. The setup has encountered an unexpected error while Setting reporting service and share point exclusion path. The error is: Errore irreversibile durante l'installazione.

Error 29528. The setup has encountered an unexpected error while Setting reporting service and share point exclusion path. The error is: Errore irreversibile durante l'installazione.

```
<Func Name='GetCAContext'>
