Procom Ottawa has a local client that is currently seeking a Sharepoint contractor.

## JOB DUTIES / QUALIFICATIONS:

- \* Significant experience with both Sharepoint Service and Sharepoint Portal Server.
- \* A Sharepoint resource that has experience with development, testing and rollout and administration of Sharepoint servers.
- \* At least two years administrating Sharepoint systems with minimum 100 users
- \* Significant experience with administration of customized Sharepoint installations.
- \* Document our existing Sharepoint environments (development, QA, and production).
- \* Analyze the production environment to determine if the set-up is optimized and feasible for long-term expansion.
- \* Determine and document the differences between our client's three environments.
- \* Provide an action plan on how to transition the environments so that all are the same and provide suggestions on change management controls to ensure the integrity of the environments is not compromised in the future.

Duration: Contract

Location: Ottawa

Start-Date: January 22, 2007

We would like to thank you for your interest. Please note that all submissions will be assessed. However, only suitable candidates will be contacted further.

Please submit your most recent resume to:
