monu schrieb:> Hello,

I've been using Crystal Reports 8.0, and i'm trying to print a string in a parameter field whose length is more than 255 characters. But, in CR 8.0 the maximum length of a parameter field is 255. Is there any OCX/DLL file which can increase the size of a parameter field in CR 8.0. Can anyone in this group help me out with dat...

Regards,
Vikrant

Hi,

IMHO there is no way to increase maximum string length. Crystal Reports 9 (10/IX) supports strings up to 64KB.

HML

Hi,
Thnx for your reply, i'll try to get CR 9 to sort it out.
