what the hell is happening?
these forum groups are here so people can ask and receive help.
they are not for people to slag off one another,neither to post silly
stuff
or get into cat fights,name calling etc.
come on everyone lets get back to using these properly.
otherwise its defeating why these groups are here,thats to help
What's happening? The three idiots Frank, Bill and Spanky are acting
like the jackasses they are. That's their thing. We have a ongoing
game. Everybody takes a shot at these losers to see who can kick them
the furthest. So far Frank has almost made it into lunar orbit twice..
His dumb ass has been kicked so hard so often by so many posters he's
almost mastered how to fly by flapping his arms propelled by the
abudant hot air always spewing from his rear end. The guy, obviously,
is a total idiot. I mean how stupid do you have to be to have your
posts automatically kicked off of Microsoft's news server and this
moron that squeals how wonderful Vista is. It takes a special kind of
stupid to be that dumb. Frank has mastered it.

You keep thinking that you are kicking us around. You keep playing right
into our hands. We can make you post what we want, when we want. We have
you trained like a salivating dog looking at some raw meat his handler is
holding 3 inches from his nose. Now, go in the other room and lick your
balls.– Hide quoted text –

You're such a dumb asshole you don't realize EVERYBODY kicks you around day after day. EVERYBODY. While you think people are playing your little game it turns out people simply use your own words to prove what a useless piece of shit you are.

Got news for you clown. I kicked ass for over twenty years in many newsgroups. At least some posters had the ability to make a comeback. You, Frank and Sparky are by far the dumbest of the lot. You have ZERO talent. You're not clever, you're not funny, shit man you can't even come up with anything original. You lie your dumb asses off about everything. You Billy are just a little toad, some mindless cockroach I easily step on without even having to think about it. You are nothing. Nada. Zip. You are just a loser. A desperate little rodent trying to get attention. I play with idiots like you knowing I ALWAYS control the tempo. You're the one doing the dancing, but of course... you are far too fucked in the head to realize it. Oh yeah, almost forgot. It is apparent who loses their cool over and over. You're a whiner. A deliberate little snotty nose punk that refuses to grow up. You get your kicks insulting people. Your single "weapon" is gutter language and your odd sexual fetishes. Most would call you a degenerate. Some self-absorbed little pervert that tries to get a rise out of people with his potty mouth and sex talk. In real life if you said any of the things you squeal here you would get your clock cleaned. You're just a sniveling coward afraid of your own shadow like Frank. You run or try to change topics every time you get nailed. The more you respond the more time I have to prove what a total idiot you are. Funny thing, most everybody I spanked sooner or later has the sense to tuck tail and crawl off. Not you or Frank. You two morons are so totally fucked in the head you just go right on getting beat up, day after day getting pounded by an ever increasing number of posters. It is fun to watch you get the shit kicked out of you. Honest, it really is funny to see some punk bloody and battered just getting hammered over and over again and the idiot you are are actually dumb enough to pretend you're winning. What a delusional fool you are. Somebody should give you an award.
