Re: Best Buy to Offer Ubuntu

If Best Buy  
could sell  
M&M's for  
20 bucks,  
they would.

They've  
been selling  
Windows  
for years.

For 20  
bucks, is it  
a better  
version of  
ubuntu ?

How many Linux versions  
was \*any\* store selling  
when XP came out?

That's the point, moron.  
Best Buy is about as  
computer clueless a  
store that you can find and  
even they are offering  
Ubuntu. It's the  
sign of the times.

BTW, Mr Reading  
Comprehension Impaired,  
they are selling support, not  
the OS.

Alias

Support ?

You mean the "phone tech's" who just got a  
crash course in ubuntu ?

Yeah...there gonna be able to help someone ,  
NOT !

Re: Best Buy to Offer Ubuntu

Ubuntu isn't a sign of the times, its a fad.

That's what they said about Windows and the Mac.

Sorry \*chum\*, never, ever happened!  
Try another lie loser.

LOL! Keep working on that GED, Frank, and study a little contemporary history.

Trouble understanding English?  
Oh, I don't think so.  
You have trouble dealing with the truth.
