>-----Original Message-----

>I have Win 2000 with AD. After ServicePack4 installation,

>when I try to manage AD users or other options, return

>error "The Specified Domain Either Does Not Exist or Could

>Not Be Contacted". If i try to remove AD using

>dcpromo.exe, i have the same error. How can I repair or

>remove and install new AD?

>P.S. I have only remote access to server, and so can't

>start Windows in "AD recovery" mode...

>
