Yes, but it probably a poor idea with the prevalence for vacations, conferences, and other travel, lasting a week or more.

To find such documentation AT Microsoft.com Google thus:

[password expiration warning 2000 | 2003 site:microsoft.com]

To find web-wide information on the topic Google this instead:

[password expiration warning 2000 | 2003 microsoft:]

"microsoft:" is Google's web-wide "special collection" of Microsoft related pages.
