had roxio creator that came with TDK DVD RW, tried to un-install this program after reading reviews, now windows installer comes up all time, can't load anything, windows installer comes up just about when i open anything up. Tried re-installing windows 2000, but then i get a error that says "windows driver point not found
The\system Root\sys32\drivers\dxapi.sys device driver could not locate the entry point KeIs attached Process in driver NtosKRnl.exe
