We are receiving the following in the System Log on our SBS 2K server with SP4 installed:

Event Type: Error

Event Source: DCOM

Event Category: None

Event ID: 10002

Date: 12/05/2004

Time: 09:09:47

User: N/A

Computer: OurComputerName

Description:

Access denied attempting to launch a DCOM Server. The server is:

{00020906-0000-0000-C000-000000000046}

The user is Unavailable/Unavailable, SID=Unavailable.

This is happening roughly every 30 minutes. Can anyone point me in the direction of what is causing this.

Cheers

Steve
