This is probably not the best place to look for "open source" knowledge ;-)
I don't know of an open source patch management solution, but I do know
that Microsoft's Software Update Services is free !!

Get it here:

<http://www.microsoft.com/downloads/details.aspx?FamilyID=A7AA96E4-6E41-4F54-972C-AE66A4E4BF6C&displaylang=en>

It's like having your own onsite Windows Update server, check it out !
