Seems one or the other must be incorrect. I would avoid using spaces in the username. There might have been a double space in one, the other or both places.

| No, the account wan't renamed and yes there are spaces in the name:
| "First
| M. Last-D"
|
| This is how it appears in the "User" list and how it was spelled on the
| Login page (space between "t" and "M" and "L")
|
| Any ideas?
