Try the instructions in here

Cannot Access CD-ROM and "Code 31" Error Message in Device Manager After You Remove Adaptec Easy CD Creator from Your Computer

Moshin wrote:

Hey guys and gals,

I gotta workstation that suddenly hasn't a cdrom in explorer. I started with the usual, even replaced drive and cables before I found it to be error code 32 (nice)

so, all the stuff i turn up on error 32 is related to uninstalling burning software. I was hoping someone here would be able to help me out.

Thanks,

Mo
