Hi,

There are programs on the Internet that will do this for you. We cannot provide such information as it violates security principles.

Gary

'--'I am searching for a util that will scan a network (or
'--'range of ips) for shares. I want to be able to see the
'--'permissions on the share as well. I have recently passed
'--'by something for this and cant remember for the life of me
'--'where it was.
