If you still need it there is a neat little utility called chkctrl that will parse an Inctrl5 text file and create a .reg (and a .bat for file adds) to undo changes it finds. You can find at either

<[http://members.tripod.com/~randy\\_hall/download.htm](http://members.tripod.com/~randy_hall/download.htm)>

<<http://www.islandnet.com/~bitron/>>

I think the download includes a copy of Inctrl5 as well.

HTH

.
