Try changing to Windows Classic theme once and again to Windows XP Style theme. See if that resets every icon.

Yes. For Printers and Faxes

HKEY_CLASSES_ROOT\CLSID\{2227A280-3AEA-1069-A2DE-08002B30309D}\DefaultIcon

It was pointing to the folder (which is empty) that the

theme was in. I deleted the value and the control panel

icon is back.

I guess I do the same with the other icons that are

missing?
