Hello,

I disabled the IISADMIN Service and now i getting this error in event viewer:
DCOM got error "The service cannot be started, either because it is disabled
or because it has no enabled devices associated with it. " attempting to
start the service IISADMIN with arguments "" in order to run the server:
{A9E69610-B80D-11D0-B9B9-00A0C922E750}

How do I get DCOM Server Process Launcher to stop trying to start "IISADMIN?"
