>If I put a DVD in my drive, it spins up, and a box appears to give me a

>selection of apps to pick from. (at the bottom of the box is a tickbox for

>"always do the selected action" just so you know what box I'm talking

>about).

>The first app in the box is Intervideo WinDVD, the second is Windows Media

>player. Whichever I choose, I get Windows Media Player. How do I fix this?

>Win DVD works fine if launched directly.

>

>Also, on the same topic, once I have selected 'always choose this' how do I

>get back to the selection box again if I change my mind?

>

>TIA
