Pop;

This Ellen person doesn't seem to post any questions or answers, only advertisements for these two sites.

Merriam-Webster Online Dictionary  
defines spam>>>>>

[[Main Entry: 1spam

Function: noun

Etymology: from a skit on the British television series Monty Python's Flying Circus in which chanting of the word Spam (trademark for a canned meat product) overrides the other dialogue

:unsolicited usually commercial e-mail sent to a large number of addresses

Main Entry: 2spam

Function: verb

Inflected Form(s): spammed; spamming

transitive verb : to send spam to

intransitive senses : to send spam]]

=====

I believe this qualifies.

1. It's unsolicited
2. It's commercial

Hope this helps. Let us know.
