| Hi  
| I have aquired a computer with access 97 installed and i would like to  
| remove it prior to installing the full Office 2003 suite. I'd really like to  
| remove it first so that i am certain of a clean install and don't keep  
| thinking of it evry time i have a problem with data access in the future!  
| However i don't have the installation disk and it says 'setup cannot run  
| without your programs diskettes' when i try to remove it using add/remeve  
| programs.  
| Could anyone help me?  
|  
| Kind regards,  
| Richard
