Hi

Please try the following link to Kelly's web site:

Line 18 – right hand side

[http://www.kellys-korner-xp.com/xp\\_tweaks.htm](http://www.kellys-korner-xp.com/xp_tweaks.htm)

for some reason when i try to open a folder instead of the default opening  
action...it makes me try to search the folder. for example:  
when i right click on a folder instead of showing open folder in bold  
lettering then the other options..it shows search folder in bold and open  
as  
another option...can someone please tell me how i can change this back?
