Tim,

Read the question on OP's initial post:

Question: Do I want to go from using WIN98 to XP and then wait on Vista or do I want to go straight from win98 to using vista?

On Mar 9, 7:59 am, Tim Slattery <Slatter...@xxxxxxx> wrote:

hungryjack,

You DO NOT want to upgrade that Win98 machine to Vista.

That's NOT the question. OP has bought a new "Vista Capable" machine, that ships with XP installed.
