I just posted "Why so many My Docs?" but I meant to write Why so many user folders. I apologize for the error. Below's the previous post in case it gets lost.

It didn't get lost. In fact, posting outside of your original thread makes things harder for those of us trying to help you. I gave you a fairly detailed answer to your first post so go back to it and keep any further replies, questions about the same subject, etc. in that thread.
