| Install Windows OneCare, and you'll not have to
| worry about those issues. You can try it FREE
| for ninety (90) days. This is a brand new version
| and is very robust! Uses very little system resources!

| With the excellent Windows OneCare package, there is
| no need to install a multitude of different security software.

| OneCare includes:

- | -- An excellent antivirus application
- | -- An excellent firewall application
- | -- An excellent antispyware application
- | -- Automatic system tune-ups
- | -- Automatic hard drive defrag
- | -- Checks for updates to be sure they are installed
- | -- Schedules automatic backups of important files
- | -- New version 2.5 just released – designed to work
| exceptionally well with Windows Vista & XP.
- | -- All-in-one convenient, easy to install application
