Yes

Update for Windows XP
(KB928388)<http://www.microsoft.com/downloads/details.aspx?FamilyID=2d0ecbbc-fe8...>

Installing this update enables your computer to automatically adjust the computer clock on the correct date in 2007 due to revised Daylight Saving Time laws in many countries.

There are also updates for other products (Outlook, Exchange server, etc)

Is there a patch for congress new 2007 daylight savings time change?

<http://geography.about.com/cs/daylightsavings/a/dst.htm>This could have economic impact like y2k did. Is there a patch for windows 95/98/me/xp/2000/2003/etc. to handle new daylight savings time rules? are

Re: Is there a patch for congress new 2007 daylight savings time change?

there any patches for .net? win32? etc.? what all else is impacted by this
in microsoft products and apis?– Hide quoted text –
