hi – every time i try to format a 700 mb cd-rw using roxio easy cd creator 5.3.4 sp 8 basic it take longer than usual (1 hour instead of the usual 40 minutes) and the newly formatted disks have 115 mb of space used and the rest free. before this problem occurred i used to format in 40 minutes and get all 700 mb free when format was complete .

please help – i am confused – thanks – Jim – jlowenha@xxxxxxxxxxxxxx
